### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. E. Wise, esq., on 11/09/2004.

The application has been amended as follows:

Cancel claims 9, 10, 15-18.

In claim 14 replace the words "are optical components" after the words "the object to be washed" by the words ---is an optical component---

In claim 19 replace the words "washing agent" after the word "hydrocarbon" by the word ---solution---

### ***Response to Applicant's amendment***

2. All previous rejections have been overcome by the amendment, filed 09/01/2004 in combination with the Examiner's amendment and the rejections are withdrawn. Previously withdrawn claims 2, 3, 12, 13, were re-joined and examined on the merits.

### ***Allowable Claims***

3. Claims 1-5, 8, 11-14, 19-25 are allowable over the prior art of record.

***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is Nishi (U.S. 5,868,864). While teaching washing an object, such as optical element, and utilizing the similar processing steps, Nishi fails to recognize or suggest fairly the washing process, wherein hydrocarbon solution is utilized in a non-aqueous washing step. Applicant's arguments with regard to the use of alcohol in the intermediate washing process and comments about the reference to Sherman are found persuasive and, therefore, the rejection based on combined teaching of Nishi/Sherman is withdrawn. No other prior art that anticipates or suggests fairly the combination of processing steps as instantly claimed has been located as of the date of this office action. Therefore, claims 1-5, 8, 11-14, 19-25 are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
